Ipsos

Key objectives

1 OPPORTUNITY SIZING

Understand the seasonality of the fitness & exercise category and how this can inform content planning and marketing.

2 AUDIENCE PROFILE

Understand the different profiles and needs of the audience across fitness & exercise and how this will impact targeting and messaging.

3 ADVERTISING & PARTNERSHIPS

Understand the best media and brand partnerships to deliver reach and drive growth.

OPPORTUNITY SIZING

01

Ipsos

# The audience for Fitness & Exercise peaked in March 2023

Monthly audience for fitness & exercise brands

Audience dips ahead of Christmas

The audience is highest in the first quarter of the year

22.7m | 22.0m | 24.0m | 24.1m | 24.4m | 23.6m | 23.5m | 23.3m | 23.6m | 23.5m | 23.4m | 23.5m | 22.6m

Nov 22 | Dec 22 | Jan 23 | Feb 23 | Mar 23 | Apr 23 | May 23 | Jun 23 | Jul 23 | Aug 23 | Sep 23 | Oct 23 | Nov 23

Engagement with Fitness & Exercise brands peaked during the first Bank Holiday weekend in May

Similar to audience, time spent dips in December, before surging in January. However, time spent actually peaks in May. Knowing when this audience is spending more time on exercise and fitness content means you can target them at the right times.

Weekly change in time spent on fitness & exercise websites and apps

Early May Bank Holiday

Back to School
Fitness & Exercise has the greatest reach among internet users aged 25-34

People aged 25-44 are a key demographic in the fitness & exercise category, but can more be done to engage older demographics?

Monthly reach of fitness & exercise content

|	
Total internet population	45%
15-24	48%
25-34	51%
35-44	50%
45-54	47%
55-64	43%
65+	35%
AUDIENCE PROFILE

02

# Fitness & Exercise visitors are more likely to be millennial and female

Fitness & exercise visitors skew younger and are more likely to be heavy visitors of the tech and career categories. How does this impact how and where you reach this audience?

	Audience Composition				
	Female	**Aged 25-44**	**ABC1**	**Heavy technology visitors**	**Heavy career visitors**
Fitness & Exercise	**54%**	**38%**	**66%**	**29%**	**16%**
Total internet users	51%	34%	63%	24%	13%

Ipsos

Fitbit reaches one in five fitness and exercise visitors

Fitbit is the biggest brand in the category, followed by Samsung. New fintech exercise apps like Sweatcoin have also grown a sizeable audience.

Top 10 fitness & exercise brands – Monthly audience

#	Brand	Monthly audience
1	Fitbit	4.5m
2	Samsung Health	2.9m
3	Sweatcoin	2.9m
4	Strava	2.8m
5	MyFitnessPal	2.5m
6	Garmin Connect	1.9m
7	PureGym	1.3m
8	Apple Fitness+	1.2m
9	Google Fit	1.2m
10	Sweat Wallet	1.0m

The top fitness brands attract a younger audience

While most fitness apps skew younger, Fitbit stands out with an older demographic. Is there an opportunity for more brands to engage older audiences?

15-44 years old

Male ⟷ Female

45+ years old

We're going to look at three categories, which all feature in the top 10: fitness trackers, fintech trackers and gyms

We've separated fitness trackers that focus on a financial incentive -- i.e. fintech tracker -- from other fitness trackers

Top 10 fitness & exercise brands – Monthly audience

| #	Brand	Audience
1	Fitbit	4.5m
2	Samsung Health	2.9m
3	Sweatcoin	2.9m
4	Strava	2.8m
5	MyFitnessPal	2.5m
6	Garmin Connect	1.9m
7	PureGym	1.3m
8	Apple Fitness+	1.2m
9	Google Fit	1.2m
10	Sweat Wallet	1.0m

Fitness tracker | Fintech tracker | Gym brand

The online audience for gyms fluctuates more than fitness trackers, while fintech trackers are steadily growing.

The audience for gym brands was 24% higher in January 2023 versus the average for the last 12 months. Do you understand the key times of year for your brand and category? How does this influence your planning?

Monthly audience indexed against the average for the last 12 months

Fintech tracker users are the youngest, while gym brand visitors are the highest income
Gym visitors are the most likely to be heavy tech users, while the audience for fitness trackers has the largest proportion of heavy games visitors. Do you know how your users behave beyond your brand? How might this shape your messaging and products?

Audience Composition

	Female	Aged 15-44	Income >£50k	Heavy technology visitors	Heavy games visitors
Fitness & Exercise	**54%**	**56%**	**20%**	**29%**	**16%**
Fitness trackers	55%	52%	20%	34%	19%
Gyms	59%	73%	22%	38%	14%
Fintech trackers	46%	78%	19%	33%	18%

Even within categories, there can be large differences in audience

The profiles of Fitbit and Strava app users are quite distinct. Understanding what sets you apart from competitors can help you stand out in a competitive market.

Fitbit app vs Strava app: demographic profile

Gender

Fitbit:

Ipsos

Different news and magazine brands attract users of different fitness brands
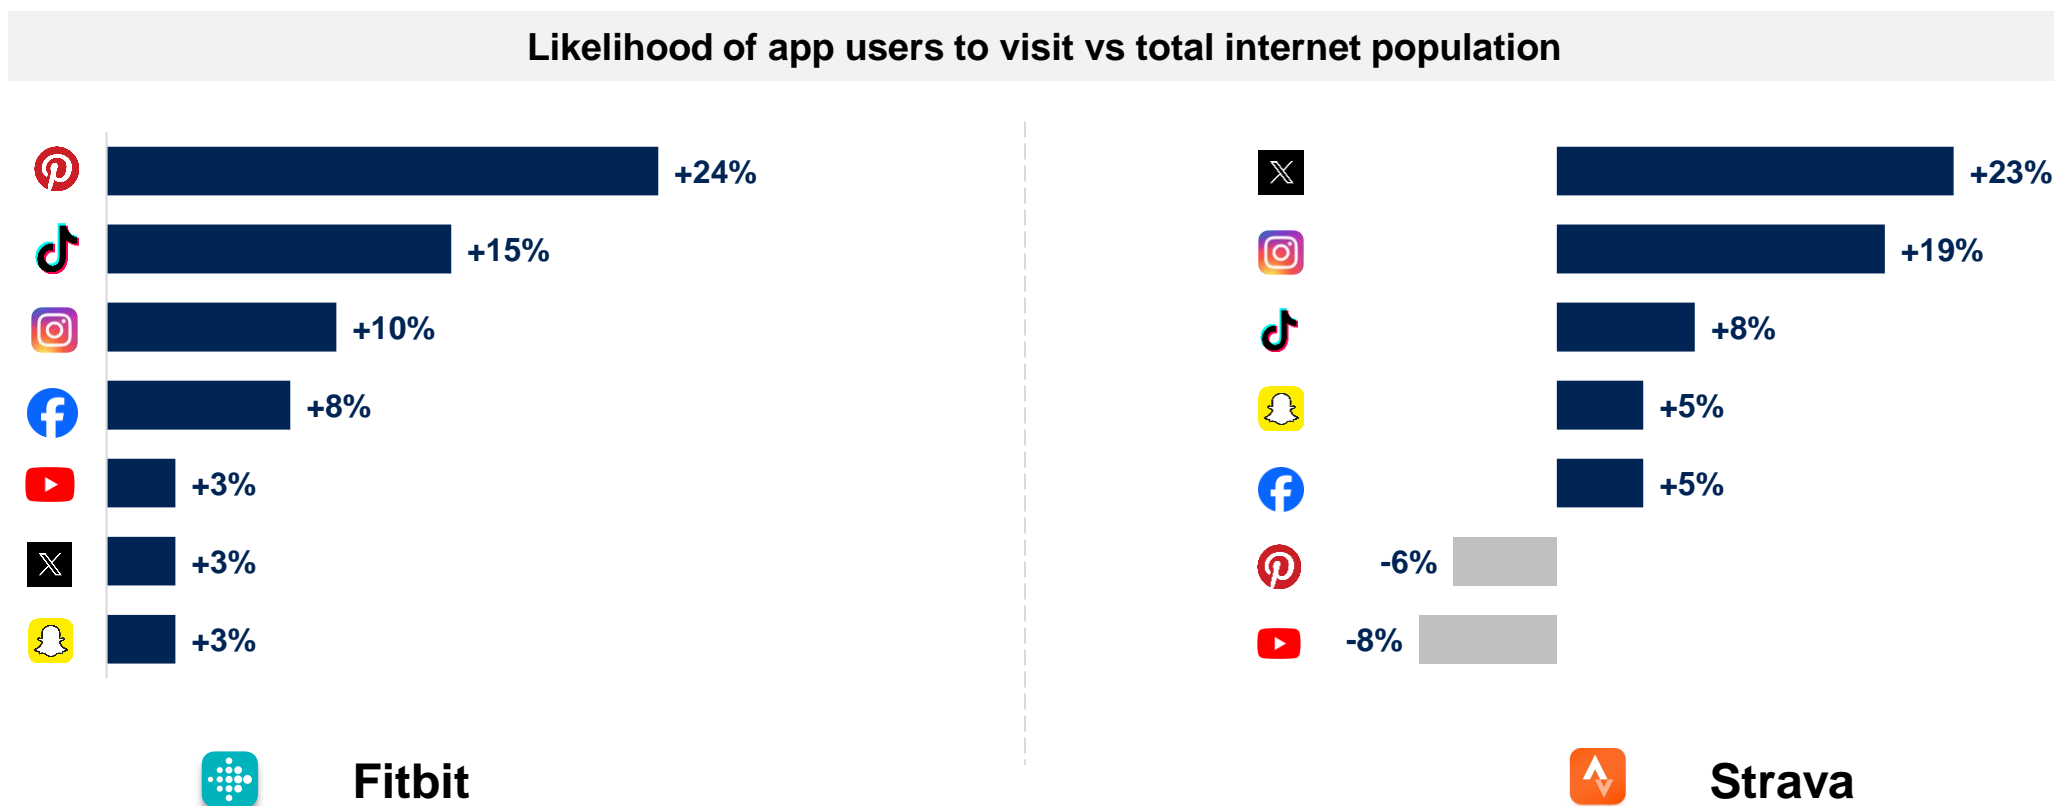

All news and magazine titles heavily over index with certain brands, but Men's Health and Women's Health visitors have particularly high affinity with their top two fitness brands. Do you know which brands your visitors have the highest synergy with?

% likelihood to visit vs total internet population

	BBC NEWS Health		**Mail Online Health**		**Men's Health**		**Women's Health**
1	STRAVA +56%	1	fitbit +37%	1	STRAVA +149%	1	myfitnesspal +142%
2	myfitnesspal +55%	2	myfitnesspal +35%	2	GARMIN +145%	2	GARMIN +117%
3	fitbit +13%	3	GARMIN +16%	3	myfitnesspal +127%	3	STRAVA +57%
4	GARMIN +8%	4	STRAVA -27%	4	fitbit +41%	4	fitbit +34%

Different audiences also means different social platforms will be needed

You can match your brand to the right social media platforms for you: Fitbit users are more likely to be on Pinterest and TikTok, while Strava users are on X and Instagram. Which platform is best for your audience?

Likelihood of app users to visit vs total internet population

Fitbit

Platform	
Pinterest	+24%
TikTok	+15%
Instagram	+10%
Facebook	+8%
YouTube	+3%
X	+3%
Snapchat	+3%

Strava

Platform	
X	+23%
Instagram	+19%
TikTok	+8%
Snapchat	+5%
Facebook	+5%
Pinterest	-6%
YouTube	-8%

Fitbit + Pinterest creates a younger, more heavily female audience interested in tech

Understanding how your customers vary across different platforms means you can be more targeted, tailor your messaging, and boost effectiveness

Key takeaways – Fitness & Exercise

OPPORTUNITY SIZING: NEW YEAR, NEW MAY?

Interest in fitness and exercise surges at the beginning of the year, but engagement actually peaked in May. **Are you planning your activity around these key dates?**

AUDIENCE PROFILE: THE RIGHT FIT

The fitness & exercise category skews female and slightly younger. They are also interested in careers and tech content. **How can better understanding this audience influence your planning, partnerships and propositions?**

PARTNERSHIPS: HEALTH NEWS = HEALTHY VIEWS

Health content from news brands and magazines is great for reaching an audience interested in fitness & exercise. **Which news or magazine audiences best suit your brands?**

PARTNERSHIPS: SOCIAL MEDIA WORKS OUT

Users of different fitness apps are more likely to use different social media sites: **do you know the best place to reach your users? How should your messaging vary across platforms?**

About
Ipsos iris

Key pillars of approach

- Establishment survey
- 10,000 single source passive mobile first multi device panel
- Measurement of small sites
- **DATA SCIENCE** Brings all of this together
- Site-centric measurement
Providing you with these key metrics

Desktop / laptop, smartphone and tablets

Websites, mobile websites and apps (c7,000 sites and c1,500 apps)

Text and video

Demographic, geographic, and attitudinal audiences

Interest based categorisations
e.g. sport, food, news, technology, finance etc

Enhanced audiences
e.g. ACORN, FRESCO, psychographic segmentation

Monthly data segmented by day of week, weekday, weekend with some time of day analysis

Daily data
(36hrs after)

Rich profiling and targeting capabilities

Age	Disabilities	Interests
Gender	Children	Live TV days
Sexual orientation	Parent / guardian / grandparent	Live TV hours
Social grade	HH size	Radio days
Ethnicity	Main shopper status	Radio duration
Income	Nation	Regular paper use
Chief income earner	Region (ITV / GOR)	Regular paper duration
CIE working status	Cities & towns	Magazine use
Marital status	Lifestyle statements	Magazine duration

Attitudes underpin behaviour

1.	You should seize opportunities in life when they arise
2.	I find it difficult to balance work, children and social life
3.	I often do things on the spur of the moment
4.	I have a keen sense of adventure
5.	I want to get to the very top in my career
6.	I make a conscious effort to recycle
7.	I would be willing to volunteer my time for a good cause
8.	I take great pleasure in looking after my appearance
9.	I prefer to be active in my leisure time
10.	Money is the best measure of success
11.	I like to go to trendy places to eat and drink
12.	It's worth paying extra for quality goods
13.	I am prepared to pay more for products that make life easier
14.	I buy new products before most of my friends
15.	I only buy products from a company whose ethics I agree with
16.	Celebrities influence my purchase decisions
17.	I would be prepared to pay more for environmentally friendly products

18.	I spend a lot of money on toiletries and cosmetics for personal use
19.	I really look after my health
20.	I wear designer clothes
21.	I like to keep up with the latest fashions
22.	I try to keep up with developments in technology
23.	I change the decorations at home as often as I can
24.	I am passionate about travelling
25.	With a credit card I can buy the sort of things I couldn't normally afford
26.	I look for profitable ways to invest my money
27.	I like different people, cultures, ideas and lifestyles around me
28.	I am increasingly aware of the price of goods and services
29.	I like to enjoy life and don't worry about the future
30.	I am interested in any technology that saves me time
31.	I find it hard to find time to relax
32.	Online TV streaming services have changed the way I watch television
33.	I'm prepared to make lifestyle compromises to benefit the environment
34.	I make more purchases online than I do in store

Trend Analysis

Check the performance of the selected media through multiple period of times.

Methodology

A hybrid measurement solution combining a single-source panel with site-centric measurement.

Ipsos iris is the UKOM-endorsed service for the measurement of audiences of online content. It uses a hybrid methodology combining metered data from a core 10,000 single-source panel with census site-centric measurement. The diagram below summarises the inputs and processes involved in the production of Ipsos iris audience data.
